## Your tour

During this trip you will undertake various cycling tours around Stockholm. The archipelago is one of the scenic highlights! About 24,000 islands belong to it – partly green and inhabited, partly rocky, bare and deserted. On this tour, Sweden presents itself like a picture book. You cycle through beautiful green landscapes, along numerous lakes and all the way to the Baltic Sea coast. And all this just outside Stockholm. You will spend the night in the capital and get to know a friendly city with a fantastic 700-year history. The city is built on 14 islands and surrounded by water - and in one of the 26 city parks you can quickly escape the hustle and bustle of the big city.
