## Stages description

### Day 1: Individual arrival in Bolzano,

Take time to discover the capital of Southern Tyrol with its impressive Cathedral of the Assumption. Stroll through the towns arcades, the most important streets in the Old Town which cut through it from East to West or visit one of the numerous museums. The Archaeological museum of Southern Tyrol is particularly recommended as it houses the famous natural human mummy of Oetzi, the iceman.

### Day 2: Bolzano – Trento, approx. 70 km

Today's route along the Adige Cycle Path leads you through extensive vineyards. Cycling through the typical Southern Tyrolean villages of Ora and Egna, you will reach Salurn. This is where the German-speaking region of Tyrol ends. You will then continue on towards Trento where you shouldn't miss the Old Town with its Romanesque Cathedral and the Baroque Neptune Fountain. Stroll along Via Belenzani with its beautiful old buildings.

### Day 3: Trient – Lake Garda South, approx. 50 km + boat trip

Today you will cycle along the Adige, whose valley becomes increasingly narrow. Cycling along the old trading routes, you will come to Rovereto, which was once famous as a silk manufacturing town. The Old Town is perfect for strolling through with its numerous lane-ways and palaces. Afterwards you will cycle on towards Riva and board a boat which will transport you to your destination.

### Day 4: South Lake Garda – Verona, approx. 50 km

Accompanied by the Adige, you will cycle towards Verona, the capital town of the province of the same name. Stroll along the river through the picturesque Old Town of Verona or wonder in awe at the Roman amphitheatre Arena di Verona, which is famous for its operatic

festivals. Numerous religious buildings such as the Santa Maria Matri-colare Cathedral or the small church of Santa Maria Antica from the 8th century await your visit.

### Day 5: Verona – Vicenza, approx. 70 km

Today's route starts off quite flat before reaching the Berici Hills. If today's route is too long you also have the option of taking the train in San Bonifacio. The Old Town of Vicenza is characterised by impressive buildings by the famous architect Andrea Palladio from the 16th century. The Teatro Olimpico, the first post-antique free-standing theatre building in Europe is also one of his works.

### Day 6: Vicenza – Abano Terme / Padua, approx. 35 / 45 km

Cycling along streets lined with villas, you will leave Vicenza and arrive in one of the most famous bathing spa towns in Italy. Treat yourself and use the time for a long visit to the thermal baths or visit Padua, one of the oldest cities in Italy (which can be easily reached by bus). Here you should visit the famous Basilica of St. Anthony.

### Day 7: Abano Terme / Padua – Venice-Mestre / Marghera, approx. 50 / 40 km

With the light breeze, which is common in this area, at your back you will cycle towards the sea. Your destination for the day is the mainland near Venice. From here there are excellent connections to the lagoon city, which has been on the UNESCO world heritage list since 1987. Explore the imposing St. Mark's Cathedral and visit the Gothic Doges Palace. A trip with a gondola is a very special way to explore the city.

### Day 8: Individual departure

After breakfast you start your individual return journey home or extend your stay.
