Stages description

Day 1: Individual arrival in Lindau

Your tour begins on Lake Constance in Lindau, whose beautiful old town is on an island. Discover the windy little streets and explore the famous harbour entrance complete with lighthouse and a 6 metre-high Bavarian lion, backdropped by a magnificent panorama of the Alps.

Day 2: Lindau – Oberstaufen, approx. 55 km

You cycle briefly along the lakeside but soon leave Lake Constance to cycle along the Bodensee Königssee cycle path up to the Allgäu hills. You pass luscious meadows with happily munching cows to Oberstaufen, just as one imagines the Allgäu should be. In the show dairy, you can find out how they make their delicious cheese and even try some.

Day 3: Oberstaufen – Nesselwang, approx. 50 km

The section begins along even ground and takes you through the valley of the Konstanzer Ach river to the Großer Alpsee Lake. From there you head to Immenstadt passing the foothills of the Grünen, also known as the Allgäu's watchman. You cycle a while along Rottachsee Lake and at Oy-Mittelberg, have reached the highest point of the tour. From here it's not long to this section's destination, Nesselwang.

Day 4: Nesselwang – Füssen / Schwangau, approx. 25 km

An impressive mountain backdrop accompanies you to Füssen near the lake Forggensee. The picturesque landscape is crowned by Hohes Schloss, an impressive late Gothic castle. You will cycle further along the Romantic Road to Schwangau and soon you will feel like you're in a fairy tale: The picturesque Royal Palaces Neuschwanstein and Hohenschwangau are visible from afar.

Day 5: Füssen – Murnau at Lake Staffelsee, approx. 70 / 75 km

You will leave the castles of Neuschwanstein and Hohenschwangau behind you. En route to Murnau you will cycle through idyllic meadows filled with the romance of mountain pastures. You will pass the world famous Wieskirche, the church which embodies the Bavarian Rococo style. Set in a magnificent lake and moor landscape, the lake Staffelsee with its seven islands set against the backdrop of the Upper Bavarian Alps, comes into view.

Day 6: Murnau on Lake Staffelsee – Bad Tölz, approx. 50 km

You will first cycle to the lake Kochelsee and then further to Benediktbeuern. As early as the 8th century, a monastery was founded at the foot of the 1800 metre high Benediktenwand mountain range. Bad Tölz, the famous mud and saltwater spa, surprises visitors with colourful facade paintings. The extensive spa gardens offer a perfect opportunity to stop for a break. German novelist Thomas Mann was one of the most famous guests in the spa town.

Day 7: Bad Tölz – Schliersee, approx. 35 km

Today's stage will take you along the edge of the Alps to Tegernsee, one of the best-known lakes and home to one of the most popular Bavarian beers. Enjoy the beautiful lake panorama in the small town of Gmund before cycling to Schliersee. This lake is typical for the Alpine foothills and is best explored from aboard a ship.

Day 8: Schliersee – Bad Feilnbach, approx. 35 km

First you will cycle along the shore of Schliersee, afterwards your route will be slightly hilly. The city at the foot of Mount Wendelstein is a famous mud spa. Due to the mild climate and 30.000 fruit trees which grow in the region, Bad Feilnbach is also known as the Bavarian Meran. As today's stage is relatively short, you will have time to enjoy beautiful Upper Bavaria.

Day 9: Bad Feilnbach – Lake Chiemsee, approx. 35 / 45 km

Today you will cycle through the largest turf harvesting site in Bavaria. After crossing over the Inn river you will come to Neubeuern, which was once an important shipbuilding site. Cycling through Frasdorf with its cave museum you will finally come to the lake Chiemsee. As today's route is short, you should take a trip to the Herren- und Frauenchiemsee islands.

Day 10: Chiemsee – Inzell, approx. 30 / 45 km

Cycling around the Hochfelln, the local Chiemgau mountain, you will continue on along flat paths to Adelholzen, which is one of the oldest baths with healing waters in Bavaria. The Museum of Natural History and Mammoth Museum is located in Siegsdorf. The tour then leads you along the Roten Traun to the former mining village of Inzell which is now a spa town renowned for its clean, fresh air.

Day 11: Inzell – Berchtesgaden / Königssee, approx. 45 km

Up to now you were cycling along the edges of mountains, now the tour leads you through narrow valleys. In Schneitzlreuth you will reach the Saalach and follow the river to Bad Reichenhall, which to this day is one of the most important salt mines in Germany. Cycling along the Salinenweg route you will come Berchtesgaden, which was an independent state up until 1803 and is dominated by the the well-known Watzmann mountain.

Day 12: Individual departure

After breakfast you start your individual return journey home or extend your stay.
