Itinerary

Your tour:

On the beer tour through romantic Franconia, discover and taste real brewing tradition. You cycle through Aischtal valley, which has an average of one brewery per kilometre, making it the area with the greatest number of breweries in the world. You will get to know the medieval towns of Nuremberg, Bamberg and Rothenburg. The "Burgenstraße" (castle road) cycle path is a suitable backdrop for your tour. With numerous castles along the way this is a tour for brewing and building lovers!

Day 1: Individual arrival in Nuremberg

Nuremberg – thousand years of history: The old imperial town, with its mighty castle, famous churches and museums attracts tourists from all over the world. Right in the centre of this metropolis with half a million inhabitants, the town houses, proud churches, the castle and 5 km of walls that circle the town have all been resurrected.

Day 2: Nuremberg – Forchheim – Rabenstein castle (Ahorntal valley), approx. 50 km + train ride (not incl.) or approx. 95 km

You follow the Burgenstraße cycle path, which leads you to today's destination, Rabenstein castle. There are quite some inclines and descents today. But it is worth the effort! Beautiful landscapes and numerous castles along the way makes today's stage very diversified. If you want to take some more time wandering through Nuremberg in the morning, we recommend shortening today's stage with a train ride to Forchheim. An impressive building welcomes you at today's destination: Rabenstein castle. Today's charm: Dinner at the castle's restaurant is included!

Day 3: Rabenstein castle (Ahorntal valley) – Bamberg, approx. 55 km

Just a few kilometres after your start you will reach a record-breaking town: Aufseß. You think that it's just a small town but it has made it to the Guinness Book of World Records. You are now in the town with the most breweries per resident! Before you continue today's bike tour to Bamberg, you should take a break here and try some of the beer.

Day 4: Sightseeing in Bamberg

In Bamberg there are numerous sights that shouldn't be missed. Visit the imperial cathedral and wander through the beautiful old town with its town hall, being located on an artificial island in the middle of the Regnitz river. A guided tour through one of the many local breweries is also very interesting, as well as visiting the brewery museum.

Day 5: Bamberg – Höchstadt – Neustadt an der Aisch, approx. 50 km + train ride (not incl.) or approx. 65 km

First you cycle a few kilometres back along the already known path. If you want to shorten today's section, you can take the train to Hirschaid (not included in price). Now follow the valley of the little river Aisch to Neustadt, where a billy goat makes an appearance every hour on the town hall clock.

Day 6: Neustadt – Bad Windsheim – Rothenburg, approx. 55 km

In Bad Windsheim, take a break to visit the Franconian open air museum. Historic buildings have been rebuilt here and in the pub and in several beer gardens you can taste the locally brewed beer. If you still have a little room for a desert in the evening in Rothenburg, (aside from the obligatory beer), you should definitely try a Rothenburg snowball.

Day 7: Rothenburg – Wolframs-Eschenbach, approx. 65 km

You leave the romantic Taubertal valley and follow the "Burgenstraße" cycle path. In Colmburg, the mighty Zollernburg castle towers over the town. From here you follow the Franconian Rezat to Ansbach, a splendid margrave residential town. You keep following the Burgenstraße to Wolframs-Eschenbach. There's a lot to see in this medieval town!

Day 8: Wolframs-Eschenbach – Roth – Nuremberg, approx. 65 km

Today you follow the Burgenstraße cycle path again, passing the moated castle in Lichtenau, and reaching Roth. Visit Ratibor castle before you follow the Main-Danube Canal to Nuremberg. The castle, which has accommodated numerous emperors and kings, overlooks the imperial city majestically.

Day 9: Individual departure or extension of stay

After breakfast, you start your individual return journey home or extend your stay.
