Itinerary

Your tour:

This long bike tour takes you along the entire German section of the Danube. From the place where the Brigach and Breg rivers merge in Donaueschingen to the Austrian border near Passau your tour takes you right through South Germany. On the route you will see lovely towns and stunning countryside.

Day 1: Individual arrival in Donaueschingen

In Donaueschingen, the Brigach and Breg rivers merge to form the Danube. However the Romans once thought that the spring in the castle gardens was the source of the Danube. You can still visit the source of the Danube in Donaueschingen today, right in the park of a very impressive castle, where the Fürstenberg family once lived.

Day 2: Donaueschingen – Mühlheim / Fridingen, approx. 45 / 50 km

The first section is a quick cycle to Immendingen. This is where the Danube sinks into the chalky stone for some 155 days of the year to flow through an underground cave system south to the Aachtopf, Germany's biggest spring. In Tuttlingen, the valley narrows and it's now not far to today's destination.

Day 3: Fridingen – Sigmaringen / Scheer, approx. 45 – 55 km

The chalkstone rocks rise some 100 metres above the cycle path which snakes its way through the rocks here, following the river. You will keep seeing old castles on the rocks above - or rather what remains of them. In Sigmaringen there's another magnificent castle to be discovered, Hohenzollern Castle is still lived in by a noble family and you can go an interesting guided tour if you like.

Day 4: Sigmaringen – Obermarchtal / Ehingen, approx. 40 – 70 km

You follow the course of the river at a leisurely pace to just after Hundersingen, where you should take a break at the open air museum in Heuneburg and find out all about the life of the Celts. In today's destination, Obermarchtal, a Baroque treasure waits to be discovered - the former monastery can be visited.

Day 5: Ehingen – Blaubeuren – Ulm, approx. 40 / 60 km

Today you cycle along the original course of the Danube, through the valley to Blaubeuren with its famous Blautopf - an intense Karst spring and the start of a huge system of caves. To shorten this section you can cycle directly along the Danube to Ulm - and thus save about 10 km. Your destination is Ulm with the highest church tower in the world! It obviously provides great views.

Day 6: Ulm – Lauingen / Dillingen, approx. 50 / 55 km

Today's section features a succession of little towns, one prettier than the next. You pedal away from the river to raised ground, safe from flooding. Lauingen is known as the town of towers and you will see Dillingen from afar - thanks to its stately castle.

Day 7: Dillingen – Donauwörth, approx. 45 / 40 km

Most of the towns here are away from the river on raised, flood-safe ground. Cycle at a leisurely pace through the Danube meadowland to Donauwörth, situated on the mouth of the Wörnitz. One of the key trade routes between Nuremberg and Augsburg crossed the Danube here.

Day 8: Donauwörth – Ingolstadt, approx. 60 km

You cycle along well-established paths through the foothills of the Franconian Alb to Neuburg, where we can recommend taking a stroll through the charming old town or a visit to the castle, towering magnificently over the town. Today's destination is Ingolstadt with its old fortifications. It is also where the Bavarian Purity Law for beer was passed over 500 years ago.

Day 9: Ingolstadt – Kelheim, approx. 50 km + boat trip

You cycle through Danube meadowland, almost entirely right alongside the river, to Bad Gögging. Mother Nature has a special treat in store a little further on - the Danube Gap at Weltenburg Monastery, where the Danube curves its way through massive Jura rocks. Fortify yourself in the monastery beer garden before catching your boat, which takes you through the Gap to Kelheim.

Day 10: Kelheim – Regensburg, approx. 35 km

Before you set off to Regensburg, it's worth making the effort to cycle up to the Hall of Liberation where you have incredible views of the area. Continue at a more leisurely pace on to Regensburg, where you reach the most northerly point of the Danube. This town is considered Germany's best-preserved city and has been declared a UNESCO Heritage Site.

Day 11: Regensburg – Straubing, approx. 55 km

The Danube curves its way gracefully through the wide expanse of the countryside and you cycle alongside. Take a short break at Walhalla, which King Ludwig I had built, before setting off for today's destination at Straubing, the capital of the "Gäuboden" region. Every year in summer, the popular Gäubodenfest is celebrated here.

Day 12: Straubing – Deggendorf, approx. 40 km

Soon after setting off, you reach Bogen, which is famous for the finding of a statue of the pregnant Madonna. Continuing on you go through Pfelling and Mariaposching to finally arrive at the gate to the Bavarian Forest: Deggendorf, Gothic and Baroque characterise the old town.

Day 13: Deggendorf – Passau, approx. 55 km

Today's route includes the small historic town of Vilshofen, which you might have heard of in connection with the CSU Chairman, politician Strauss' Ash Wednesday speech. You will soon reach your destination of the three-rivers town and former diocesan town of Passau. Let your tour come to a pleasant end with a walk through the old town.

Day 14: Individual departure or extension of stay

After breakfast, you start your individual return journey home or extend your stay.
